

The Electrical Engineering Department at the University of Mississippi invites applications for a tenure-track faculty position, at the Assistant Professor level, in the area of Computer Engineering. The department offers graduate programs leading to MS and Ph.D. degrees and a BS in Electrical Engineering degree program with three emphases: general, computer engineering, and biomedical engineering.

The successful candidate will be expected to teach computer engineering courses such as microprocessors, embedded systems, VLSI, and HDL; and develop a sponsored research program in computer engineering. A Ph.D. in computer engineering or a closely related area is required at the time of appointment. For more information, visit the department's web page at <http://www.engineering.olemiss.edu/electrical/> or contact Dr. Elliott Hutchcraft, Associate Professor, Department of Electrical Engineering, at CESearch@olemiss.edu. Applicants must apply online at careers.olemiss.edu, supplying the following documents: a letter of application; curriculum vitae; statement of research and teaching interest; and a list of three references with email addresses and phone numbers. Please combine the required documents into a single PDF file and upload in the resume or cover letter slot. This position will be open until an adequate applicant pool has been reached. Review of applications will begin December 1, 2018.

For ten consecutive years, the University of Mississippi has been recognized as one of the best colleges in the nation to work for by The Chronicle of Higher Education.

The University of Mississippi provides equal opportunity in any employment practice, education program, or education activity to all qualified persons. The University complies with all applicable laws regarding equal opportunity and affirmative action and does not unlawfully discriminate against any employee or applicant for employment based upon race, color, gender, sex, sexual orientation, gender identity or expression, religion, national origin, age, disability, veteran status, or genetic information.
