

Assistant Professor Position

The Department of Electrical Engineering at the University of Arkansas invites applications for a tenure-track faculty position at the Assistant Professor level for Fall 2017. Applicants seeking other faculty position levels will not be considered. Energetic, highly motivated researchers/teachers seeking challenging and fulfilling academic careers are sought to aid in the University of Arkansas's quest for excellence. Priority will be given to those with specialization in an area of power electronics such as, but not limited to 1) advanced power electronic circuits; 2) power supply on chip; and 3) power packaging.

The Department of Electrical Engineering is home to the National Center for Reliable Electric Power Transmission (NCREPT.uark.edu), the NSF sponsored Center for Grid Connected Advanced Power Electronics Systems (GRAPES.uark.edu) and the DOE Cybersecurity Center for Secure Evolvable Energy Delivery Systems (SEEDSCenter.uark.edu). The University of Arkansas is also part of the NSF sponsored Center for Power Optimization of Electro-thermal Systems (POETS-erc.org). The Electrical Engineering Department is one of eight departments in the College of Engineering at the University of Arkansas. The department will provide the education necessary to establish a foundation for Electrical Engineers at all degree levels. The diverse faculty and staff of the department plan an integral role in this education experience.

Applications received by November 30, 2016 will be given full consideration. Applications received after that date will be reviewed as necessary to fill the position. Applications must include:

- 1) a letter of application;
- 2) a complete curriculum vitae;
- 3) a statement of teaching and research interests,
- 4) the names and contact information for at least three professional references.

Interested persons should apply through the University of Arkansas Human Resources website posting – <http://jobs.uark.edu/postings/16731>

The University of Arkansas is an equal opportunity, affirmative action institution. The university welcomes applications without regard to age, race/color, gender (including pregnancy), national origin, disability, religion, marital or parental status, protected veteran status, military service, genetic information, sexual orientation or gender identity. Persons must have proof of legal authority to work in the United States on the first day of employment. All applicant information is subject to public disclosure under the Arkansas Freedom of Information Act.
