

BINGHAMTON UNIVERSITY

STATE UNIVERSITY OF NEW YORK

Binghamton University seeks applicants for **Department Chair**, Electrical and Computer Engineering

Position Requirements:

Applicants for the position of Chair must have a PhD degree in electrical or computer engineering, and must be qualified to be tenured at the Full Professor level. Candidates must possess a strong record of collaboration and leadership in externally funded scholarship, teaching, and department and school-wide service. To be competitive for this position, candidates must demonstrate the skills and vision necessary to advance the premier education and research programs of this department and have a commitment to excellence in teaching at the BS, MS, and PhD levels.

Demonstrated commitment to the diversity of students, faculty and staff, and to advancing an inclusive climate that stimulates excellence is expected.

About Binghamton University:

Binghamton University is one of the four University Centers within the State University of New York. This university has built a reputation as a world-class institution that combines a broadly interdisciplinary, international education with one of the most vibrant research programs in the nation. Binghamton is proud to be ranked among the elite public universities in the nation for challenging our students academically, not financially. The result is a unique, best-of-both-worlds college experience.

Our academic culture rivals a first-rate private university - rigorous, collaborative and boldly innovative - while our campus culture exemplifies the best kind of public university experience: richly diverse students, active social life and deep engagement with the community.

Our students, both undergraduate and graduate, work one-on-one with an exceptional faculty that includes innovative scientists and groundbreaking scholars. They take advantage of special academic opportunities like combined degrees, foreign language study groups and an unparalleled international education program.

About the department of electrical and computer engineering:

The department of electrical and computer engineering has ABET accredited academic programs at the bachelor's level in electrical engineering and computer engineering, master's programs in electrical engineering and computer engineering, and a doctoral program in electrical engineering. Currently, the program has over 350 undergraduates, over 150 master's

students, and over 60 PhD students, taught and mentored by 20 tenured/tenure track faculty. The ECE department is located in a new, well-equipped research building where faculty and students conduct research in the following areas: (1) DSP & Communications, (2) Power & Energy (3) Information Security, (4) Computer Design, (5) Micro & Opto-electronics, and (6) Controls & Laser Communication. More details about the ECE department can be found at <http://www.binghamton.edu/ece>.

Additional Information:

It is the policy of Binghamton University to provide for and promote equal opportunity employment, compensation, and other terms and conditions of employment without discrimination on the basis of age, race, color, religion, disability, national origin, gender, sexual orientation, veteran or military service member status, marital status, domestic violence victim status, genetic predisposition or carrier status, or arrest and/or criminal conviction record unless based upon a bona fide occupational qualification or other exception.

Application Instructions:

Applicants should submit **one** document that includes: (1) statement of leadership philosophy, (2) a curriculum vitae, (3) research and teaching statements, (4) the names and contact information of at least five references.
