

Assistant Professor, Electrical Engineering

The Department of Electrical and Computer Engineering at Gonzaga University invites applications for a full-time, tenure-track faculty position at the level of Assistant Professor in Electrical Engineering starting fall semester 2016. Preference will be given to applicants who have developed a successful area of research in at least one of the following fields: digital signal processing, adaptive filtering, control theory and/or control technology.

Required Qualifications: Ph.D. in Computer and/or Electrical Engineering and evidence of teaching effectiveness at the undergraduate level.

Desired Qualifications: relevant experience in course and laboratory development; evidence of relevant industrial experience; excellent communication skills in spoken and written English; and ability and interest in advising undergraduate students.

To apply or view the complete position description, please visit our website at <https://gonzaga.peopleadmin.com/>. Questions about this position may be directed via email to Dr. Vladimir Labay, labay@gonzaga.edu. Position closes on January 6, 2016, midnight, PST. For assistance with your online application, call 509-313-5996.

Gonzaga University is a Jesuit, Catholic, humanistic institution, and is therefore interested in candidates who will contribute to its distinctive mission. Gonzaga University is a committed EEO/AA employer and diversity candidates are encouraged to apply. All qualified applicants will receive consideration for employment without regard to their disability status and/or protected veteran status.
