

# COLLEGE OF ENGINEERING LAMAR UNIVERSITY™

## Tenure-track Faculty, Electrical Engineering

The Phillip M. Drayer Department of Electrical Engineering seeks applicants for multiple tenure-track faculty positions at the Assistant Professor level in the area of cybersecurity. Applicants should have a doctoral degree in Electrical Engineering or a related field by the starting date of appointment, demonstrated research capability and publications in cybersecurity and cyberphysical systems, and a proven ability to teach.

The Drayer Department of Electrical Engineering has 8 full-time tenured and tenure track faculty. The department has 140 undergraduate students and 130 masters and doctoral students. More information about the department can be found at: <http://engineering.lamar.edu/electrical/index.html>.

Applicants should submit a *curriculum vita*, a research statement, a teaching statement, three recent publications, and complete contact information for at least three references. Applications must be made on-line at: <https://jobs.lamar.edu/postings/3071>. Review of applications will begin in January 2016. While candidates who complete their applications by January 15, 2016 will receive full consideration, the department will consider exceptional applicants at any time. If you have questions, please contact Dr. Gleb Tchislavski at: [gleb@lamar.edu](mailto:gleb@lamar.edu)

Lamar University is committed to active recruitment of a diverse faculty and student body. The University is an Affirmative Action/Equal Opportunity Employer of women, minorities, protected veterans and individuals with disabilities and encourages applications from these and other protected group members. Consistent with the University's goals of achieving excellence in all areas, we will assess the comprehensive qualifications of each applicant.
