Visiting Assistant Professor of Electrical Engineering
Loyola Marymount University

The Seaver College of Science and Engineering, Loyola Marymount University, invites applications for a visiting faculty position as Assistant Professor in the Department of Electrical Engineering and Computer Science (EECS) starting in Fall 2015. The candidate is expected to teach undergraduate and, if appropriate, graduate courses, and support the Department in electrical engineering program development.

The Seaver College of Science and Engineering is located at the Main Campus of Loyola Marymount University in the Westchester area of Los Angeles. Loyola Marymount University, founded in 1911, is one of the nation's distinguished Jesuit universities with an enrollment of 9,395, and is an integral partner for the intellectual, economic, and social enrichment of the city of Los Angeles.

The Department of Electrical Engineering and Computer Science offers academic programs leading to B.S.E. in Electrical Engineering, B.S. in Computer Science, and M.S.E. in Electrical Engineering. The Department has a growing research program appropriate for primarily undergraduate institutions.

Loyola Marymount University is an Equal Opportunity/Affirmative Action Employer, and specifically invites and encourages applications from women and minorities. Information about Loyola Marymount University is available at http://www.lmu.edu and the department information is available at http://cse.lmu.edu/department/electricalengineeringandcomputerscience

Job Requirements

Candidates specializing in all electrical and computer engineering areas will be considered. Applicants should hold a Doctoral degree in Electrical Engineering, Computer Engineering, or a closely related field. Salaries for faculty are highly competitive along with all applicable benefits.

Information and Application Process Instructions

Applicants should submit a curriculum vitae, statements of teaching interests and teaching philosophy, optional research interests, and the contact information for three referees to Dr. Ray Toal in EECS department (rtoal@lmu.edu). We also suggest that, if appropriate, applicants include information on prior professional Engineering and/or teaching experience.

Applications will be reviewed until the position is filled.

Ray Toal
