

FACULTY POSITION IN MICROELECTRONICS, MICROSYSTEMS
or EMBEDDED SYSTEMS

DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING
McGill University

The Department of Electrical and Computer Engineering at McGill University invites applications for tenure-track positions at the rank of assistant professor. McGill University is among the top research intensive academic institutions in Canada, attracting over one-half billion dollars in competitive research funding each year. It has been consistently ranked in the top 25 universities worldwide in a number of recent surveys. Successful candidates will play leading roles in maintaining McGill's international reputation of excellence in research and teaching.

We are particularly interested in the areas of microelectronics, microsystems and embedded systems.

The Department has strong research activities in bioelectrical engineering, communications, computational electromagnetics, electronic materials and devices, microelectronics and computer systems, nanotechnology, photonic devices and systems, power engineering, software engineering and systems and control.

The Department is committed to excellence in teaching in its undergraduate and graduate programs in Electrical, Computer and Software Engineering and values service contributions of its Faculty members to the University, the profession and society at large.

Candidates must have a Ph.D., preferably with a first degree in electrical, computer or software engineering. Evidence of outstanding research achievements, or research potential, is indispensable. Successful candidates will have a strong commitment to the mission of the University, through outstanding activities in the areas of research, teaching and service. Membership or eligibility for membership in a Canadian professional engineering association is required.

Deadline for receiving applications will be February 29, 2016. Applications will be reviewed starting on February 1, 2016 and will continue until the position is filled. Interested candidates should submit applications which include their résumé, a statement of teaching and research interests, names and addresses of three referees and copies of recent publications to

Professor Andrew Kirk, Chair
