

Engineering, Professor 10 Month Tenure Track

Job Overview:

At Valencia College, we are committed to helping our students reach their full potential by providing them with the right support and preparation. As a professor, you will have the rewarding opportunity of improving the lives of students, our community and ultimately, our world.

As a professor at Valencia, you can look forward to engaging in a learning-centered environment, where you can focus on teaching and learning in your discipline. By applying now, you will be considered for a ten-month tenure-track position. This position offers fulfilling experiences in teaching and learning, and key details for are listed below.

For consideration, the following is required: a completed Valencia College on-line employment application, learning-centered statement, unofficial transcripts (degree must be conferred by the time of hire in August 2016), cover letter and resume. If you are a current Valencia College employee with a learning centered statement, transcripts (degree must be conferred by the time of hire in August 2016) and resume on file, this information is still required to be submitted with the application in order to finish the process.

It is the applicant's responsibility to have any foreign transcripts evaluated prior to submission through an authorized evaluation service such as World Education Services.

During the online application process, you will be required to provide a response to specific questions to complete the application process. All letters of reference must be attached at the time of application.

Location: West Campus (1800 Kirkman Road, Orlando Florida)

Degree Requirement: Master's degree or higher from a regionally accredited institution in Engineering, Electrical Engineering, or Mechanical Engineering by the official start date (August 2016).

Closing Date: Wednesday, February 17, 2016 7:00pm EST

Application Instructions: Please apply online by visiting:
